I have already started reviewing them. Can you send me your updated sections now? So far I find them well-organized and easy to follow. I really appreciate that!

Can I resend the files when you are ready to edit them? Gives me more time to fact check. I already corrected one spot in the summary.

I can give a you another update on our review then, but wanted to let you know where we are at and if you would like us to push the 11/8/18 meeting with you a little further into the future.

Thanks,

Douglas,

I just finished this section. The effects determination on endangered species will come next. I have written everything. I just have to tighten it up a bit. Then mitigation measures.

Sorry I didn't check in earlier. I am home today.
